**Learning**  
gives creativity.

**Creativity**  
leads to thinking.

**Thinking**  
provides knowledge.

**Knowledge**  
makes you great.

— **DR. A.P.J. ABDUL KALAM**

11th President of India  
and Missile Man of India

# DEAR READER, GREETINGS TO YOU!

Very few people truly realize how much kindness, love, and goodness are hidden in the heart of every child. The aim of every teacher is to bring out this hidden treasure, and **K. K. Wagh** is a wonderful example of this effort. Our institution believes in “*Building a strong foundation for a bright future*” and works every day to shape young minds with care and dedication.

It gives us great joy to present this magazine, which beautifully showcases the creativity and talents of our students. Inside, you will find a colourful collection of stories, poems, riddles, drawings, and informative articles—all created by our young learners.

Preparing this magazine was a big task and would not have been possible without the hard work and support of our editorial team. They carefully selected and edited the many wonderful entries sent by our enthusiastic students. We are also thankful to all our teachers and staff who helped in bringing this magazine to life.

# MESSAGE FROM CHAIRMAN

1

At K K Wagh, we strongly believe that education has the power to transform lives—and the journeys of our **23,000+ learners** stand as living proof of this belief. Our students and alumni continue to excel across India and around the world, taking up leadership roles, embracing innovation, and contributing meaningfully to society.

When I reflect on the success of K K Wagh, two things fill me with great pride. First, seeing students study here whose parents once walked the same campus reminds us that trust in education lasts across generations. Second, the long-standing association of our teachers and staff reflects the strong values, dedication, and sense of belonging that define the spirit of K K Wagh.

# MESSAGE FROM CHAIRMAN

2

Today's young generation stands at the threshold of immense opportunity. The **National Education Policy (NEP) 2020** encourages creativity, critical thinking, skill development, and lifelong learning—qualities essential for success in the 21st century. As a pioneer in quality education for over fifty years, K K Wagh is fully prepared to embrace this change and provide students with learning experiences that are relevant, future-ready, and rooted in strong values.

I invite students to dream big, explore their potential, and shape their own paths with confidence. To parents, I assure our continued commitment to nurturing not only academic excellence but also character, responsibility, and leadership.

Join us at **K K Wagh Group of Institutions** as we continue to build capable individuals and responsible citizens—contributing to national development through the power of education.

Warm Regards,

**Sameer B. Wagh**

**Chairman**

**K. K. Wagh Education Society,  
Nashik**

# MESSAGE FROM COORDINATOR

3

Dear Students and Staff,

It gives me immense pleasure to inaugurate this school magazine. This publication reflects our shared commitment to learning, creativity, and growth. Our foremost goal is to nurture a love for learning, encourage critical thinking, and prepare our students to become responsible, confident, and engaged citizens of tomorrow.

At our institution, we strive to provide a caring and supportive environment where every student feels valued and inspired to discover their strengths, achieve their full potential, and contribute meaningfully to society.

This magazine stands as a testament to collective effort—a vibrant showcase of student talent, imagination, and hard work, made possible through the guidance and dedication of our teachers and staff. It reminds us of the strength of collaboration and the importance of working together as one community.

Let us continue to encourage creativity, support one another, and move forward with the belief that education has the power to shape a brighter and more inclusive future.

**Dr. Shri Bhushan Kardile**  
Co-ordinator

**K. K. Wagh Education Society's Schools and Colleges**

# MESSAGE FROM PRINCIPAL

4

Dear Students and Parents,  
Greetings to you all!

K. K. Wagh English School, DGP Nagar is committed to providing quality education while recognizing and celebrating the uniqueness of every child—as an individual and as a learner. We believe that effective teaching and meaningful learning flourish in an environment of mutual respect, fostering a vibrant schooling experience marked by warmth, enthusiasm, and excellence.

For years, this institution has been nurturing young minds and shaping confident individuals. School is a child's first window to the world—a phase filled with joy, healthy competition, adaptation, sharing, and affection, all of which lay the foundation for lifelong learning.

My message to all students is simple yet meaningful: build strong character, for it is the foundation of self-respect, confidence, and success in life.

As **Dr. A. P. J. Abdul Kalam** beautifully said:

*“Dream, dream, dream. Dreams transform into thoughts and thoughts result in action.”*

With warm wishes.

## INDIA'S CLEAN ENERGY MILESTONE: THE 'MAGIC' REACTOR AT KALPAKKAM!

### 1. REACTOR REACHES

Like starting a campfire! The moment the machine is officially ON and energy safely.

'FISSION CHAIN REACTION (SELF-SUSTAINING)'

### 2. IT'S A 'BREEDER'

Like a magic piggy bank!

### 3. WHY IT MATTERS FOR INDIA

- 
**STAGE 2 REACHED:** Moves us forward in India's 3-Stage Nuclear Plan.
- 
**USES THORIUM:** Eventually lets us use India's vast Thorium resources for energy security.
- 
**MADE IN INDIA:** Designed and built by our own scientists and engineers!

### 4. A CLEANER FUTURE

Produces almost NO carbon emissions and creates LESS waste by recycling fuel!

**SUMMARY:** INDIA PROVES IT CAN BUILD ADVANCED TECH THAT CREATES ITS OWN OWN FUEL, LEADING THE WAY IN LONG-TERM CLEAN ENERGY.

Kalpakkam, Chennai, Tamil Nadu

PFBR - PROTOTYPE FAST BREEDER REACTOR

# THANK YOU

FOR WATCHING TILL THE END!
