

# Maths club

Sr.no	Date	Std	Activity
1		I	Show numbers with the help of match sticks
2		I	Draw patterns with ice cream sticks
3		I	Write days of week on wall piece
4		I	Prepare different charts
5		I	Shopping activity
6		I	Show numbers with the help of match sticks
7		VII	To find the square of the number in easy way
8		VI	Making three dimensional shapes using card sheet paper
9		I	Find the numbers and pop it
10		V	Addition and subtraction numbers puzzles
11		V	Skip counting bookmark ( number table)
12		IV	Number sense strategies( Addition, Multiplication, Division, Subtraction)
13		II	Skip counting maze
14		VIII	Making various types of Geometrical shapes using Straw sticks
15		II	Using match sticks prepare bundles of tens and units.
16		II	To weight various objects using balance
17		I	Learning clock with the help of model
18		II	Equal sharing
19		V	Practically finding area and perimeters of squares and rectangular shape object with the help of graph paper
20		VI	Finding factor with the help of cards
21		II	Concept of addition using square grid
23		I	Making angles with the help of match stick
24		II	Addition and subtraction using Ice cream stick
25		I	Addition and subtraction using blocks
27		II	Equal Sharing

28		V	Finding area of an
